Dear Mr. Pierce:

Reference is made to your letter of April 2, 1976, regarding the notice of assessment to Don Nebeker on the Milford Water Distribution System.

Apparently the rights being assessed were purchased by Mr. Nebeker from Jay Stevens. These are Water User's Claims 71-1081, 71-1086, and 71-1842 which describe property in Section 13, T29S, R11W, SLBM for a total of 546.6 acres of land. The account has been delinquent for 1975 and 1976.

As this is in an estate and we are aware of the problems involved, you are granted the extension request. If additional information is needed, please let us know.

Yours truly,

A handwritten signature in cursive script, reading "Donald C. Norseth".

Re: The Estate of Don P. Nebeker -  
Milford River Distribution System Expenses

Gentlemen:

We are the attorneys for the executor in the above-mentioned estate.

Today we received in our office a statement from your office dated March 25, 1976, a copy of the statement is enclosed. Would you kindly supply us with information as to:

1. The address or legal description of the property effected by this charge; and
2. The years for which the previous delinquency is being assessed.

Since we will not be in a position to evaluate these charges until we receive the requested information, I would ask that you provide us with as least a 60-day extension to June 1, 1976 in which to make these payments.

Your anticipated assistance and favorable response is most appreciated.

Sincerely,

MITCHELL & MITCHELL
